HTML & CSS Assignment

Instructions:
- Use **HTML** and **CSS** to complete the tasks below.
- Ensure proper structure and styling.

Questions:
1. Create a webpage with a title, a main heading, and two paragraphs.

2. Add an image with a caption below it and center both on the page.

3. Style all paragraphs with a different font family, line height, and text alignment.

4. Design a styled button with padding, border, and a hover effect.

5. Create a simple table with three columns and three rows, and a basic form with two input fields and a submit button.
